

Licence Checking

Are your drivers legally entitled to drive?

- ✓ Endorsements and bans are clearly indicated and described.
- ✓ Prompt turnaround of results and automatic integration to your FleetCheck software.
- ✓ Licence categories fully explained.
- ✓ Automatic recheck alerts, with shorter recommended intervals for drivers most at risk.
- ✓ Data issues including address mismatch or non declaration of medical conditions are highlighted.
- ✓ Flexible reporting options and instant accessibility of results and drivers' history.

The most accurate, reliable and secure licence checking service available.

FleetCheck's electronic licence checking service quickly and securely confirms the validity of your drivers' licences.

The Road Traffic Act 1988 clearly states that as well as being an offence for an individual to drive without a valid licence, it is also an offence for a person (or organisation) to permit an individual to drive without a valid licence.

As an employer, if you are allowing staff to drive on business without checking their licences, you could be liable.
